Sunshine Diamonds is an independent, family-run fine jewellery business specialising in beautifully crafted diamond jewellery. With in-house production and generations of expertise, we create timeless pieces including diamond rings, pendants, necklaces and bespoke fine jewellery. Every piece is made using certified diamonds and hallmarked gold, independently tested and stamped by the London Assay Office, ensuring authenticity, quality and peace of mind. Based in the heart of Hatton Garden, London, we combine traditional craftsmanship with modern design to deliver exceptional value without compromise. We are proud members of the National Association of Jewellers (NAJ) and are committed to ethical practices, transparency and outstanding customer care. At Sunshine Diamonds, we believe fine jewellery should be meaningful, responsibly made and designed to be cherished for a lifetime.
